AUDITORS' REPORT

**To the President and Members of
The Students' Council of The Students' Union
The University of Alberta**

We have audited the statement of financial position of The Students' Union, The University of Alberta as at April 30, 2008 and April 30, 2007 and the statements of general operations, net assets invested in properties, restricted and unrestricted net assets, and cash flows for the years then ended. These financial statements are the responsibility of The Students' Union's directors. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian Generally Accepted Auditing Standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of The Students' Union, The University of Alberta as at April 30, 2008 and April 30, 2007 and the results of its operations and the changes in its financial position for the years then ended in accordance with Canadian Generally Accepted Accounting Principles.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED APRIL 30, 2008

1. ACCOUNTING POLICIES

a) Nature of Operations

The Students' Union, The University of Alberta is incorporated under the Post Secondary Learning Act of Alberta. The Students' Union is tax exempt with respect to corporate income taxes under S.149(1)(h.1) of the Income Tax Act. According to the Post Secondary Learning Act, The Students' Union is to provide for the administration of the affairs of the students at the University of Alberta, including the development and management of student institutions, the development and enforcement of a system of student law and the promotion of the general welfare of students consistent with the purposes of the University of Alberta. As such, The Students' Union represents approximately 34,000 undergraduate, full-time, part-time and inter-session students at the University of Alberta. The mission of The Students' Union is to be an organization for students which represents students in an effective and accountable manner, provides programs and services that meet the needs of students, enhances the image of both the University of Alberta and its students in the greater community, provides opportunities for the interaction and personal development of students, and fosters a sense of spirit and community on campus.

b) Inventories

Merchandise inventories are valued at the lower of cost and net realizable value. Cost is determined on a first-in, first-out basis. Net realizable value is defined as selling price less costs to sell.

c) Interest in Properties

Interest in properties are recorded at cost. Management provides for amortization using rates designed to amortize the cost of the capital assets over their useful lives. The annual amortization rates and methods are as follows:

Furniture and office equipment	20%	Declining Balance
Computer equipment	30%	Declining Balance
Leasehold improvements	20%	Declining Balance
Students' Union Building and improvements	50 yrs	Straight Line

Amortization is recognized as an expense in the organization's statement of operations. The art collection is not amortized as management has determined that no decline in economic value has occurred. Full amortization is recorded in the year of acquisition and none in the year of disposal.

1. ACCOUNTING POLICIES (continued)

d) Revenue Recognition

The organization follows the restricted fund method of accounting for contributions.

The restricted fund method of accounting for contributions is a specialized type of fund accounting that involves the reporting of details of financial statement elements by fund in such a way that the organization reports total general funds, one or more restricted funds, and an endowment fund, if applicable.

The following definitions relate to the restricted fund method of accounting for contributions:

- (i) A restricted fund is a self-balancing set of accounts the elements of which are restricted or relate to the use of restricted resources. Only restricted contributions and other externally restricted revenue are reported as revenue in a restricted fund.
- (ii) An endowment fund is a self-balancing set of accounts which reports the accumulation of endowment contributions. Only endowment contributions and investment income subject to restrictions stipulating that it be added to the principal amount of the endowment fund are reported as revenue of the endowment fund.
- (iii) A general fund is a self-balancing set of accounts which reports all unrestricted revenue and restricted contributions for which no corresponding restricted fund is presented. The fund balance represents net assets that are not subject to externally imposed restrictions. For the Students' Union, the general fund is composed of all unrestricted funds.

Restrictions are stipulations imposed that specify how resources must be used. Restrictions on contributions may only be externally imposed.

There are three types of contributions identified for purposes of these financial statements:

- (i) A restricted contribution is a contribution subject to externally imposed stipulations that specify the purpose for which the contributed asset is to be used.
- (ii) An endowment contribution is a type of restricted contribution subject to externally imposed stipulations specifying that the resources contributed be maintained permanently, although the constituent assets may change from time to time.
- (iii) An unrestricted contribution is a contribution that is neither a restricted contribution nor an endowment contribution.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED APRIL 30, 2008

1. ACCOUNTING POLICIES (continued)

e) Measurement of financial assets

For the purpose of measuring a financial asset after initial recognition the following categories are defined:

- (a) Financial assets held for trading;
- (b) held-to-maturity investments;
- (c) Loans and receivables; and
- (d) Available-for-sale financial assets.

After initial recognition, financial assets are measured, at their fair values, except for the following financial assets:

- (a) Held-to-maturity investments which are measured at cost using the effective interest method; and,
- (b) Loans and receivables which are measured at amortized cost using the effective interest method.

f) Measurement of financial liabilities

For the purpose of measuring a financial liability after initial recognition, the following categories are defined:

- Financial liabilities held for trading; and
- other financial liabilities.

After initial recognition, all financial liabilities are measured at amortized cost using the effective interest method, except for financial liabilities that are classified as held for trading. Financial liabilities that are classified as held for trading are measured at their fair values.

The company does not have financial liabilities that are held for trading.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED APRIL 30, 2008

1. ACCOUNTING POLICIES (continued)

g) Long lived assets

Long lived assets are composed of interest in properties.

Long lived assets held for use are reviewed for impairment when certain events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The recoverability test is performed using undiscounted future net cash flows that are directly associated with the asset's use and eventual disposition. The amount of the impairment, if any, is measured as the difference between the carrying value and fair value of the impaired assets and presented as an additional current period amortization charge.

During the year no events occurred that caused management to review long-lived assets for impairment.

h) Impairment and un-collectability of financial assets

Management evaluates at each balance sheet date whether there is any objective evidence that held-to-maturity financial assets, are impaired.

Impairment is the condition that exists when the carrying amount of a financial asset exceeds its fair value.

No impairment of held-to-maturity investments has been recorded in these financial statements.

i) Use of Estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. By their nature, these estimates are subject to measurement uncertainty and the effect on the financial statements of changes in such estimates in future periods could be significant.

2009	\$ <u>35,000</u>
------	------------------

7. FINANCIAL INSTRUMENTS

Financial instruments consist of recorded amounts of accounts receivable, accrued interest receivable and investments which will result in future cash receipts, as well as accounts payable and accrued liabilities, and long-term debt which will result in future cash outlays.

a) Interest rate risk

The organization manages its exposure to interest rate risk through fixed rate borrowings.

b) Credit Risk

Credit risk arises from the potential that a counter party will fail to perform its obligations. The Students' Union is exposed to credit risk from customers. However, The Students' Union has a significant number of customers which minimizes concentration of credit risk.

c) Fair Value

The carrying values of the financial instruments noted above approximate their fair values.
