## **AUDITORS' REPORT TO THE PRESIDENT AND MEMBERS OF THE STUDENTS' UNION AND STUDENTS' COUNCIL, THE UNIVERSITY OF ALBERTA**

We have audited the statement of financial position of The Students' Union, The University of Alberta (the "Students' Union") as at April 30, 2010 and the statements of operations, changes in fund balances-invested in capital assets, changes in fund balances-externally restricted funds, changes in fund balances-student involvement fund, changes in fund balances-unrestricted and internally restricted funds, cumulative unrealized gains (losses) on investments and cash flows for the year then ended. These financial statements are the responsibility of the Students' Union management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Students' Union management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Students' Union as at April 30, 2010 and the results of its operations and cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

The financial statements of the Students' Union for the year ended April 30, 2010 include schedules 1-13 which have been taken primarily from accounting and other records of the Students' Union, but which are not, in our opinion, necessary for a fair presentation of its financial position or the results of its operations. Our examination of the financial statements of the Students' Union was intended primarily for the purpose of formulating an opinion on the basic financial statements taken as a whole and was not such as to enable us to express an opinion as to the fairness of all the details of the information in schedules 1-13, and accordingly we express no opinion thereon.

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED APRIL 30, 2010

### 1. ACCOUNTING POLICIES

#### a) Nature of Operations

The Students' Union, The University of Alberta is incorporated under the Post Secondary Learning Act of Alberta. The Students' Union is tax exempt with respect to corporate income taxes under S.149(1)(h.1) of the Income Tax Act. According to the Post Secondary Learning Act, The Students' Union is to provide for the administration of the affairs of the students at the University of Alberta, including the development and management of student institutions, the development and enforcement of a system of student law and the promotion of the general welfare of students consistent with the purposes of the University of Alberta. As such, The Students' Union represents approximately 34,000 undergraduate, full-time, part-time and inter-session students at the University of Alberta. The mission of The Students' Union is to be an organization for students which represents students in an effective and accountable manner, provides programs and services that meet the needs of students, enhances the image of both the University of Alberta and its students in the greater community, provides opportunities for the interaction and personal development of students, and fosters a sense of spirit and community on campus.

#### b) Inventories

Merchandise inventories are valued at the lower of cost and net realizable value. Cost is determined on a first-in, first-out basis. Net realizable value is defined as selling price less cost to sell.

#### c) Capital Assets

Capital Assets are recorded at cost. Management provides for amortization using rates designed to amortize the cost of the capital assets over their useful lives. The annual amortization rates and methods are as follows:

Furniture and office equipment	20%	Declining Balance
Computer equipment	30%	Declining Balance
Leasehold improvements	20%	Declining Balance
Students' Union Building and improvements	50 years	Straight Line

Amortization is recognized as an expense in the Students' Union statements of operations. Full amortization is recorded in the year of acquisition and none in the year of disposal. The art collection is not amortized as management has determined that no decline in economic value has occurred.

d) Revenue Recognition

The Students' Union follows the restricted fund method of accounting for contributions.

The restricted fund method of accounting for contributions is a specialized type of fund accounting that involves the reporting of details of financial statement elements by fund in such a way that the organization reports total general funds, one or more restricted funds, and an endowment fund, if applicable.

The following definitions relate to the restricted fund method of accounting for contributions:

- (i) A restricted fund is a self-balancing set of accounts the elements of which are restricted or relate to the use of restricted resources. Only restricted contributions and other externally restricted revenue are reported as revenue in a restricted fund. The Students' Union's restricted funds are comprised of its externally restricted and the Student Involvement Funds.
- (ii) A general fund is a self-balancing set of accounts which reports all unrestricted revenue and restricted contributions for which no corresponding restricted fund is presented. The fund balance represents net assets that are not subject to externally imposed restrictions. The Students' Union's general funds are comprised of its unrestricted and internally restricted funds.
- (iii) An endowment fund is a self-balancing set of accounts which reports the accumulation of endowment contributions. Only endowment contributions and investment income subject to restrictions stipulating that it be added to the principal amount of the endowment fund are reported as revenue of the endowment fund. The Students' Union does not have any endowment funds.

Restrictions are stipulations imposed that specify how resources must be used. Restrictions on contributions may only be externally imposed.

There are three types of contributions identified for purposes of these financial statements:

- (i) A restricted contribution is a contribution subject to externally imposed stipulations that specify the purpose for which the contributed asset is to be used.
- (ii) An endowment contribution is a type of restricted contribution subject to externally imposed stipulations specifying that the resources contributed be maintained permanently, although the constituent assets may change from time to time.
- (iii) An unrestricted contribution is a contribution that is neither a restricted contribution nor an endowment contribution.

e) Financial instruments and risk management

The Students' Union has classified its significant financial assets and financial liabilities as follows:

- Cash is classified as held for trading;
- Investments in fixed income securities are classified as held-to-maturity;
- Investments in University of Alberta Endowment Funds and mutual funds are classified as available for sale;
- Accounts receivable and accrued interest receivable are classified as loans and receivables; and
- Accounts payable and accrued liabilities and long-term debt are classified as other financial liabilities.

Transaction costs are recognized immediately in the statement of operations. The Students' Union does not use hedge accounting and accordingly is not impacted by the accounting requirements related to hedges. The Students' Union is a not-for-profit organization and has elected not to apply the accounting standards for embedded derivatives in non-financial contracts. Unless otherwise noted, the fair values of these instruments approximate their carrying values.

The Students' Union has a risk management framework to monitor, evaluate and manage the principal risks assumed with its financial instruments. The risks that arise from transacting financial instruments include credit risk and price risk. Credit risk relates to the possibility that a loss may occur from the failure of another party to perform. Price risk arises from changes in interest rates and market prices.

Given the significance of the Students' Union's investments, it has significant exposure to market risks from changes in interest rates, market prices and currency changes. The Students' Union does not use derivative instruments to alter the effects of market, interest or foreign exchange fluctuations which affect its investments.

f) Capital management:

The Students' Union's objective when managing its capital is to safeguard its ability to continue as a going concern, so that it can continue to provide support to students.

The Students' Union sets the sufficiency of capital to maintain the service needs of students and makes adjustments to its capital, through appropriation of internally restricted amounts, additional borrowings, recommending changes to the level of fees or adjustments to its investment portfolio mix.

**1. ACCOUNTING POLICIES (continued)**

g) Long lived assets

Long lived assets are composed of capital assets.

Long lived assets held for use are reviewed for impairment when certain events or changes in circumstances indicated that the carrying amount of an asset may not be recoverable. The recoverability test is performed using undiscounted future net cash flows that are directly associated with the asset's use and eventual disposition. The amount of the impairment, if any, is measured as the difference between the carrying value and fair value of the impaired assets and presented as an additional current period amortization charge.

During the year, no events occurred that caused management to review long-lived assets for impairment.

h) Impairment and un-collectibility of financial assets

Management evaluates at each balance sheet date whether there is any objective evidence that held-to-maturity financial assets are impaired. Impairment is the condition that exists when the carrying amount of a financial asset exceeds its fair value and this impairment is considered to be other than temporary. When it is determined than an impairment of a financial instrument classified as available-for-sale is other than temporary, the cumulative loss that has been recognized directly in fund balances is removed and recognized in the Statement of Operations even though the financial asset has not been derecognized. Impairment losses recognized in the Statement of Operations for a financial instrument classified as available-for-sale are not subsequently reversed.

i) Use of Estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. By their nature, these estimates are subject to measurement uncertainty and the effect on the financial statements of changes in such estimates in future periods could be significant.
